

Amauri Lopez  
Assignment 1

Link on VM: [student1@csc415-server11 assignment\_1]

How to run:

- Navigate to the directory where assignment1 is located using cd
- Enter the Assignment1 folder
- Run the main rub file by typing 'ruby main.rb'

Known bugs, issues, or limitations:

- Importing csv files of thousands of elements may take a while.
- If you decide to print out a set of thousands of elements, expect to sit there for a while
